

ICCLC 2017
SEE THE LIGHT
 September 8 - 10 SYDNEY

Congress Program
16th International Cornea and Contact Lens Congress

Session	Start	End	Presentation	Speaker(s)
FRIDAY - 8 SEPTEMBER 2017				
Intensive Workshops <i>The intensive workshops are an excellent complement and introduction to the full conference program</i> Sponsored by  <i>Afternoon tea will be provided</i>	12:30		How to Triage Keratoconus and Corneal Ectasia Patients <i>Indications for Corneal Rigid Lenses, Miniscleral lenses, SynergEyes Hybrid CLs, Piggyback CL Indications</i> <i>Co-management with Ophthalmology and Contact Lens Management</i> <i>When to Refer for Corneal Cross Linking and Other Surgical Interventions for Keratoconus, Pellucid Marginal Degeneration, Post - LASIK Ectasia and Other Corneal Ectasia Conditions</i>	Dr Greg Moloney Dr Colin Chan Margaret Lam Dom Willson Heidi Hunter Mark Koszek
			The flat out truth on orthoK <i>Imaging tools for Specialty CL Fitting - Corneal Topography and OCT Analysis and Interpretation for Anterior Eye and Specialty Contact Lens Fitting</i> <i>Why and When Should I Prescribe OrthoK</i> <i>Comparison of Different OrthoK lenses</i> <i>Case Studies</i> <i>Lens on Eye Practical Demonstrations</i> <i>OrthoK Contact Lens Trouble Shooting Tips for Challenging Cases</i>	Dr Randy Kojima Dr Oliver Woo Steven Ernst <i>Sponsored by Contex USA</i>
			Advanced Contact Lens Prescribing Bootcamp <i>Multifocal vs Monovision Advanced Tips for Prescribing Contact Lenses for Presbyopes</i> <i>Complex Toric Cases</i> <i>How to Build Your CL-Focused Practice</i> <i>Contact Lens Communication Tips For Success</i> <i>Contact Lens Growth Strategies Workshop</i>	Helen Gleave Heidi Hunter Margaret Lam Josh Clark Mark Koszek
			Dry Eye Management and The Contact Lens Patient <i>Dry Eye Management and DEWS and DEWS II</i> <i>Dry Eye Management and the Contact Lens Patient</i> <i>The Role of Ocular Lubricants and Management Beyond</i>	A/Prof Jennifer Craig, University of Auckland Prof Stephanie Watson Helen Gleave Margaret Lam Josh Clark Mark Koszek
			OCT Analysis and Interpretation for Anterior Eye and Specialty Contact Lenses <i>How to Utilise An OCT To Enhance Your Contact Lens Practice and Refine Your Contact Lens Fit</i>	Mark Koszek David Stephensen Michael Yapp CFEH
			17:30	Specialty Contact Lens Workshop <i>Live Patient Demonstration and Fitting of How to Interpret Your Corneal Topography For A Keratoconus Patient</i> <i>How To Triage Into the Appropriate Lens for Keratoconus Amongst RoseK2 Lens Designs</i> <i>What's On the Horizon for New Designs for Keratoconus for RoseK</i>
WELCOME RECEPTION	18:00	20:00		
SATURDAY - 9 SEPTEMBER 2017				
BREAKFAST SESSION	7:30	8:30	Sponsored by 	
Congress Opening Address	8:50	9:00	CCLSA President's Welcome and Presentation of the Kenneth W. Bell Medal	Damien Fisher
Kenneth W Bell Medal Address	9:00	9:40	Kenneth W. Bell Medal Lecture	John Mountford
Session 1 <i>Is our myopia management shortsighted?</i>	9:40	10:00	Mates don't let mates get myopic - myopia in Australia and control techniques	Dr Paul Gifford, UNSW
	10:00	10:20	OrthoK and myopia control - is it really okay?	Prof Helen Swarbrick, UNSW
	10:20	10:40	Do we lose control of anything when we control myopia?	Kate Gifford
	10:40	11:00	How young is too old? - is there an optimal time for myopia control	Prof Pauline Cho, HKPU
MORNING TEA / EXHIBITION	11:00	11:30		
Session 2 <i>DEWS 2 - Whetting our appetites for new knowledge in dry eye</i>	11:30	11:50	The last dry eye? An overview of dry eye from the perspective of DEWS II	Prof Craig Woods, Deakin University
	11:50	12:10	Translating DEWS II into practice: the implications for dry eye management	Dr Laura Downie, University of Melbourne
	12:10	12:30	How common is dry eye? Epidemiological findings from DEWS II	Prof Fiona Stapleton, UNSW
	Sponsored By 	12:30	12:50	Can we repair the tear film?
12:50		13:10	What do we do when we do the things we do - does the evidence support current clinical practice	Dr Jim Kokkinakis
LUNCH / EXHIBITION	13:10	14:10		
Session 3 <i>Eye tech is high tech</i>	14:10	14:30	Wet to the touch - Looking at in pack watability across silicon hydrogel materials	Dr Rachael Peterson, Alcon
	14:30	14:50	Is the soft option short sighted?	Dr Arthur Back, CooperVision USA
	14:50	15:10	Making presbyopia comfortable	Dr Jami Kern, Alcon USA
	15:10	15:30	Scratching the surface of keratoconus - is the epithelium involved?	Dr Jingjing You, Save Sight Institute
AFTERNOON TEA / EXHIBITION	15:30	16:00		
Session 4 <i>Surgery and the anterior segment</i>	16:00	16:20	It's a frickin' laser! - Should we sit there and smile or flap around?	Dr Colin Chan
	16:20	16:40	Should we take a layered approach or cut the cookie? - corneal transplattation in Australia	Dr Con Petsoglou
	16:40	17:00	Turn it up! - Corneal cross-linking - should we turn up the power and who should be cross-linked?	Prof Stephanie Watson
	17:00	17:20	Where will it end(othelium)? New developments in anterior eye surgery	Dr Greg Moloney
CONGRESS DINNER	19:00	23:00		

SUNDAY - 10 SEPTEMBER 2017

BREAKFAST SESSION	7:30	8:30	Sponsored by 	
	8:30	8:50	AGM	
Session 5 <i>Therapeutic challenges of contact lens practice</i>	8:50	9:10	Breaking up is hard to do (good measurements on) - is FTBUT sufficient?	Prof Charles McMonnies, UNSW
	9:10	9:30	What can we do to contact lenses and contact lens systems to defeat the bigger idiot factor?	Prof Fiona Stapleton, UNSW
	9:30	9:50	Acanthamoeba keratitis - what do we know and what can we do about it?	Dr Nicole Carnt, University of Sydney
	9:50	10:10	Dealing with allergic conjunctivitis and contact lens wear	Heidi Hunter
	10:10	10:30	Limbal stem cell deficiency - what it is and what to do about it	Dr Nicole Carnt, University of Sydney
	10:30	10:50	All out of oxygen? - Air supply and minislcleral contact lenses	Dr Stephen Vincent, QUT
MORNING TEA / EXHIBITION	10:50	11:20		
Session 6 <i>Things you can try at home...</i>	11:20	11:40	Making contact lenses for kids OK	Kate Gifford
	11:40	12:00	How to do orthoK (really well!)	Dr Oliver Woo
	12:00	12:20	How to do orthoK (another perspective)	Dr Adrian Bruce, ACO
	12:20	12:40	Complications of Scleral Contact Lenses	Gavin O'Callaghan, University of Adelaide
	12:40	13:00	Keratoconus - how to approach the patient and rationalise a treatment plan	Paul Rose
LUNCH / EXHIBITION	13:00	14:00		
Session 7 <i>More things you can try at home...</i>	14:00	14:20	Hard? Soft? Why not both! - a clinical perspective on hybrid contact lenses	Mark Hinds
	14:20	14:40	Getting a good look at the problem - tips for anterior segment imaging	David Stephensen
	14:40	15:00	But I was told I couldn't wear contact lenses because I have astigmatism!	Margaret Lam
	15:00	15:20	How to handle the little things - applications of corneal RGP contact lenses	Alan Saks
	15:20	15:40	The old man and the ability to see - contact lenses in presbyopia	David Stephensen
AFTERNOON TEA / EXHIBITION	15:40	16:00		
Session 8 <i>Even more things you can try at home...</i>	16:00	16:20	Interpreting the corneal rainbow - finding the meaning in corneal topography maps	Dr Randy Kojima, Medmont
	16:20	16:40	The highs and lows of contact lenses - managing extreme hypermetropia and extreme myopia	Mark Koszek
	16:40	17:00	My OCT and me - utilising OCT for more precise contact lens fitting	David Stephensen
	17:00	17:20	Life, the Universe and Everything Contact Lenses	Alan Saks
Congress Closing Address	17:20	17:30	CCLSA President's Farewell	Damien Fisher
